Serving Wahiawā, Waialua, Mililani, Schofield & our neighbors

Wahiawā Health Pharmacy

Support the Wahiawā Health Pharmacy and Support Your Community!

The Wahiawā Health Pharmacy is a non-profit, 340B pharmacy exclusively for our patients to provide medication management, prescription accuracy and convenience.

Pharmacy services for our patients include:

- Free medication delivery on Oahu
- Free pill pouching packing that organizes medications by date and time
- Comprehensive medication management
- Financial assistance to help you afford your prescription medications
- Education programs including:
  - Diabetes Prevention and Self-Management
  - Hypertension Education
  - Quit Tobacco Program

Dr. Kailey Hifumi, PharmD
Clinical Pharmacist
Dr. Kailey Hifumi was born and raised in Mililani and returned to Hawaii after college to pursue her pharmacy career. She earned her Doctor of Pharmacy, PharmD from Pacific University in Hillsboro, Oregon.

Dr. Gwynne Gonzales, PharmD
Pharmacist in Charge
Dr. Gwynne Gonzales earned both her Bachelor of Science degree in Basic Medical Sciences and Doctorate of Pharmacy from Washington State University in Spospokane, Washington. She is a certified Tobacco Treatment Specialist.

Dr. Judhea Campollo, PharmD
Pharmacist
Dr. Judhea Campollo grew up in Kalihi and is a proud graduate of Farrington High School. She received her bachelor's degree in biology at the University of Hawai'i at Manoa, continued her education at the University of Hawai'i at Hilo and achieved a Doctor of Pharmacy Degree.

What is a 340B Pharmacy?

Congress created the 340B program to help uninsured and low-income patients gain better access to affordable prescription medications. Drug manufacturers are required to provide outpatient drugs at a reduced price to Federally Qualified Health Centers, like Wahiawā Health.

All profits received by our pharmacy go directly back into our health center to support jobs, programs and community outreach services that are often free to our community members.

Pharmacy RxSafe® Automation

Wahiawā Health's in-house pharmacy uses an RxSafe automated drug dispensing system called PakMyMeds™ that organizes prescription medications in individual pouches rather than pill bottles. The pouches are easy to open and labeled in large print with the date and time to be taken.

In the spirit of Aloha and compassion, we provide access to affordable, quality health care and wellness services to promote a healthy community.
